

HUNTER™

Horse Feed

Product Description

Hunter™ is a high-fat, pelleted grain ration designed for growing horses, active performance horses, breeding stallions, and pregnant and lactating mares. **Hunter™** offers an exceptional package for the professional equine operation. Whether it's breeding, growth, show or performance, **Hunter™** provides a high quality, nutritionally balanced diet in an easy to feed form.

Available in a 50-lb bag.

Features and Benefits

Pelleted Form - *Pelleting improves the digestibility and nutrient utilization of grains in the horses' sensitive digestive tract, while providing balanced nutrition in every bite.*

High Fat (6%) - *Vegetable Oil increases energy density and efficiency for sustained performance and endurance. The addition of fat helps reduce the risk of starch overload while maintaining desired calorie level for optimum weight and body condition of active horses.*

Added Amino Acids with Guaranteed Lysine and Methionine - *Helps ensure quality protein is available for the continuous growth and rebuilding of muscle tissue in growing and performance horses. Methionine is essential for good health and condition of hooves and hair coat.*

Chelated Zinc, Copper and Manganese, Plus Bio-Available Selenium - *The greater mineral absorption and utilization helps meet the increased needs for bone, muscle and tissue strength in growing horses and performance horses. Overall reproductive performance and efficiency is sustained in breeding mares and stallions.*

Vitamins A, D, E, and Stable Vitamin C - *Provides a supplemental source to help guard against deficiencies and maintain optimal health and metabolism. As potent antioxidants, vitamins E and C help maintain cell membrane and tissue integrity, plus support immune system function.*

B-Complex Vitamins (including Biotin) - *Actively involved in the metabolism of carbohydrates, fats and protein into usable energy for performance. Added B vitamins support healthy growth of skin, hair and hooves.*

Yeast Culture - *Helps maintain feed intake under the stresses of performance and enhances microbial fermentation in the horse cecum and colon, allowing for increased nutrient absorption and assimilation.*

HUNTER™

PELLETED HORSE FEED

For Growth, Performance, Breeding & Lactation

GUARANTEED ANALYSIS

Crude Protein, Min.	14.0 %
Lysine, Min.	0.75 %
Methionine, Min.	0.35 %
Crude Fat, Min.	6.0 %
Crude Fiber, Max.	10.0 %
Calcium, Min.	0.65 %
Phosphorus, Min.	0.60 %
Copper, Min.	50 ppm
Chelated Copper, Min.	12 ppm
Manganese, Min.	135 ppm
Chelated Manganese, Min.	20 ppm
Selenium, Min.	0.55 ppm
Zinc, Min.	160 ppm
Chelated Zinc, Min.	40 ppm
Vitamin A, Min.	5,000 IU/lb
Vitamin E, Min.	130 IU/lb

INGREDIENTS

Heat Processed Soybeans, Ground Corn, Dehydrated Alfalfa Meal, Soybean Hulls, Wheat Middlings, Wheat Flour, Corn Distillers Dried Grains, Cane Molasses, Vegetable Oil, Yeast Culture, Calcium Carbonate, Salt, L-Lysine Monohydrochloride, DL-Methionine, Monocalcium Phosphate, Magnesium Oxide, Zinc Sulfate, Zinc Protein, Copper Sulfate, Copper Protein, Manganese Sulfate, Manganese Protein, Cobalt Carbonate, Calcium Iodate, Ferrous Sulfate, Selenium Yeast, Sodium Selenite, Vitamin A Supplement, Vitamin D3 Supplement, Vitamin E Supplement, Choline Chloride, Riboflavin, d-Calcium Pantothenate, Niacin, Folic Acid, Biotin, Vitamin B12 Supplement, Thiamine Mononitrate, Pyridoxine Hydrochloride, L-Ascorbyl-2-Polyphosphate (Source of Vitamin C), Oat Mill By-Product.

CAUTION: This feed contains supplemental copper. Do not feed to sheep.

MANUFACTURED BY

Suggested Feeding Recommendations:

STORE IN A COOL DRY PLACE

This product may spoil if stored under adverse conditions. Do not feed this product if believed to be unfit for animal consumption.

HUNTER is a high-quality, high-fat, pellet formulated with heat processed soybeans for performance horses.

DAILY GUIDE: It is necessary to adjust the feeding of **HUNTER** to the condition of the horse. Provide horses with good quality hay and salt free choice. Provide plenty of fresh water.

Horse Class	Age	Suggested Feeding Range* lbs./100 lbs. body wt./day
GROWTH		
Yearling	12 to 18 mos.	0.75 - 1.00
Long Yearling	18 to 24 mos.	0.65 - 0.90
2-Year Old	24 to 36 mos.	0.60 - 0.75
ADULT		
Light Exercise	Mature	0.40 - 0.60
Moderate Exercise	Mature	0.50 - 0.70
Heavy Exercise	Mature	0.60 - 0.80
Very Heavy Exercise	Mature	0.75 - 1.30
BREEDING		
Pregnant Mare, last 3 mos.	Mature	0.40 - 0.70
Lactating Mare, 3 – 6 mos.	Mature	0.80 - 1.15
Breeding Stallion	Mature	0.40 - 0.65

*Suggested program is based on offering grass or mixed grass hays. If feeding legume hays or rich pasture, consult your Blue Seal Sales Representative or Customer Service.

Comments: For additional mineral-vitamin fortification, or if **HUNTER** is fed below the recommended feeding range, feed the appropriate **Winning Touch Equine Supplement**, depending on type of hay being fed.

The suggested feeding program above is intended solely as a guide. The variables of management, environment, and breed may dictate changes in the animal's requirements.
