

# VINTAGE VICTORY®

## Horse Feed

### Product Description

**Vintage Victory®** is a high-fat, low-protein blend of steam crimped oats, extruded fiber nuggets, and naturally encapsulated vegetable oil designed for endurance and event horses. **Vintage Victory®** incorporates a *Triple Energy Release System™* - a combination of carbohydrates, fat and fermentable fiber, providing a sequential energy release to meet the complex demands of the equine endurance and event athlete.

Available in a 50-lb bag.

### Features and Benefits

**Steam Crimped Oats** - *The preferred grain for horses, steam crimped oats provide a readily available carbohydrate energy source with built in fiber for safe grain feeding.*

**Naturally Encapsulated Vegetable Oil** - *Vegetable oil increases the energy density of the diet, improving stamina and delaying the onset of fatigue in endurance horses. The addition of fat can also minimize the risk of laminitis and other metabolic conditions associated with starch overload while maintaining desired body condition of active horses.*

**Extruded Fiber Nugget with Beet Pulp and Rice Bran** - *The extruded nugget slows the rate of feed intake, which helps minimize the incidence of colic, ulcers and other digestive disorders. The nugget also provides highly digestible and fermentable sources of fiber for long term aerobic energy use.*

**Low Protein with Added Amino Acids** - *Restricting total protein in mature endurance horses fed a high fat diet may help reduce fatigue and improve muscle function during strenuous exercise. Guaranteed levels of Lysine and Methionine helps ensure that quality protein is available for strong muscle development and maintenance of body tissues.*

**Chelated Zinc, Copper and Manganese, Plus Bio-Available Selenium** - *Optimum levels and ratios are supplied to help ensure a balanced diet for maintenance and performance. The more biologically available forms promote the immune system, sustaining overall health, especially in horses under stress.*

## HORSE FEED

**A High-Fat, Low-Protein Blend of Steam Crimped Oats, Extruded Fiber Nuggets, and Naturally Encapsulated Vegetable Oil Designed for Endurance and Event Horses**

### GUARANTEED ANALYSIS

Crude Protein, Min. ....	10.0 %
Lysine, Min. ....	0.50 %
Methionine, Min. ....	0.20 %
Crude Fat, Min. ....	10.0 %
Crude Fiber, Max. ....	11.0 %
Calcium, Min. .... 0.60 %	Max. .... 1.10 %
Phosphorus, Min. ....	0.60 %
Copper, Min. ....	48 ppm
Chelated Copper, Min. ....	12 ppm
Manganese, Min. ....	120 ppm
Chelated Manganese, Min. ....	20 ppm
Selenium, Min. ....	0.55 ppm
Zinc, Min. ....	140 ppm
Chelated Zinc, Min. ....	40 ppm
Vitamin A, Min. ....	5,000 IU/lb
Vitamin E, Min. ....	85 IU/lb

### INGREDIENTS

Steam Crimped Oats, Corn Germ, Dried Beet Pulp, Soybean Hulls, Rice Bran, Wheat Middlings, Cane Molasses, Vegetable Oil, Yeast Culture, Wheat Flour, Monocalcium Phosphate, Calcium Carbonate, L-Lysine Monohydrochloride, DL-Methionine, Salt, Magnesium Oxide, Potassium Chloride, Zinc Sulfate, Zinc Proteinate, Copper Sulfate, Copper Proteinate, Manganese Sulfate, Manganese Proteinate, Cobalt Carbonate, Calcium Propionate, Calcium Iodate, Ferrous Sulfate, Selenium Yeast, Sodium Selenite, Vitamin A Supplement, Vitamin D3 Supplement, Vitamin E Supplement, Choline Chloride, Riboflavin, d-Calcium Pantothenate, Niacin, Folic Acid, Biotin, Vitamin B12 Supplement, Thiamine Mononitrate, Pyridoxine Hydrochloride, Menadione Sodium Bisulfite Complex (Source of Vitamin K Activity), L-Ascorbyl-2-Polyphosphate (Source of Vitamin C), Oat Mill By-product.

**CAUTION: This feed contains supplemental copper. Do not feed to sheep.**

MANUFACTURED BY  
BLUE SEAL® FEEDS, INC.  
P. O. Box 8000, Londonderry, NH 03053  
GENERAL OFFICES

**Advanced Antioxidant Package: Natural Tocopherols, Vitamin E and Stable Vitamin C** - As potent antioxidants, these nutrients support tissue integrity and function, maximize immune response and help maintain optimal health and metabolism.

**B-Complex Vitamins (including Biotin)** - Actively involved in the metabolism of carbohydrates, fats and protein into usable energy for performance. Added B vitamins support healthy growth of skin, hair and hooves.

**Yeast Culture** - Sustains a healthy, functional microbial fermentation in the horse cecum and colon, helping to minimize digestive upsets and support efficient nutrient digestibility.

### Suggested Feeding Recommendations:

**Daily Guide:** Adjust the feeding program according to the condition of the horse. Provide horses with good-quality hay, free-choice salt and plenty of fresh water.

HORSE CLASS	AGE (in months)	SUGGESTED FEEDING RANGE* (in lbs.) per 100-lbs. of body weight
Suckling	0 to 4 - 6	
Weanling	4 - 6 to 12	
Yearling	12 to 24	
2-Year Old	24 to 36	
Maintenance	Mature	
Light Work (1 - 3 hrs/day)	Mature	
Moderate Work (3 - 5 hrs/day)	Mature	0.50 - 0.75
Intense Work (5 - 8 hrs/day)	Mature	0.75 - 1.25
Pregnant Mare (last 3 months)	Mature	
Lactating Mare	Mature	
Breeding Stallion	Mature	

\*Suggested program is based on offering grass or mixed grass hays. If feeding legume hays or rich pasture, consult your Blue Seal Representative or Customer Service.

For additional mineral-vitamin fortification, or if **Vintage Victory®** is fed below the recommended feeding range, feed the appropriate **Winning Touch® Equine Supplement**, depending on type of hay being fed.

*The suggested feeding program is intended solely as a guide. The variables of management, environment and breed may dictate changes in the animal's requirements.*
