

VINTAGE SWEET™

Horse Feed

Product Description

Vintage Sweet™ is a low-protein, high-fat blend of extruded nuggets, oats and corn wrapped in molasses and vegetable oil for active pleasure and performance horses. **Vintage Sweet™** offers the advantages of extruded feed to horse owners and horses who have a preference for a highly palatable, coarse-textured feed.

Available in a 50-lb bag.

Features and Benefits

Added Amino Acids with Guaranteed Lysine and Methionine - *Helps ensure quality protein is available for the continuous growth and rebuilding of muscle tissue in performance horses. Methionine is essential for good health and condition of hooves and hair coat.*

High Fat - *Vegetable Oil increases energy density and efficiency for sustained performance and endurance. The addition of fat helps reduce the risk of starch overload while maintaining desired energy level for optimum weight and body condition of active horses.*

Extruded High-Fat Nuggets - *The extrusion process has been shown to improve feed digestibility and nutrient utilization. The extruded nugget may also slow the rate of feed intake, which can help reduce the incidence of colic, ulcers and other digestive disorders.*

Chelated Zinc, Copper and Manganese, Plus Bio-Available Selenium - *Optimum levels and ratios are supplied to help ensure a balanced diet for maintenance and performance. The more biologically available forms promote the immune system sustaining overall health, especially in horses under stress.*

Vitamin E and Stable Vitamin C - *As potent antioxidants, these nutrients support tissue integrity and function, maximize immune response and help maintain optimal health and metabolism.*

B-Complex Vitamins (including Biotin) - *Actively involved in the metabolism of carbohydrates, fats and protein into usable energy for performance. Added B vitamins support healthy growth of skin, hair and hooves.*

VINTAGE SWEET™

COARSE/EXTRUDED HORSE FEED

For Active Pleasure and Performance Horses

GUARANTEED ANALYSIS

Crude Protein, Min.	12.0 %		
Lysine, Min.	0.55 %		
Methionine, Min.	0.25 %		
Crude Fat, Min.	8.0 %		
Crude Fiber, Max.	7.0 %		
Calcium, Min.	0.60 %	Max.	1.10 %
Phosphorus, Min.	0.60 %		
Copper, Min.	50 ppm		
Chelated Copper, Min.	12 ppm		
Manganese, Min.	120 ppm		
Chelated Manganese, Min.	20 ppm		
Selenium, Min.	0.55 ppm		
Zinc, Min.	145 ppm		
Chelated Zinc, Min.	40 ppm		
Vitamin A, Min.	5,000 IU/lb		
Vitamin E, Min.	85 IU/lb		

INGREDIENTS

Crimped Oats, Coarse Cracked Corn, Soybean Hulls, Rice Bran, Ground Corn, Corn Distillers Dried Grains, Wheat Middlings, Wheat Flour, Soybean Meal, Yeast Culture, Cane Molasses, Vegetable Oil, Salt, Calcium Carbonate, Monocalcium Phosphate, L-Lysine Monohydrochloride, DL-Methionine, Calcium Sulfate, Magnesium Oxide, Zinc Sulfate, Zinc Proteinate, Copper Sulfate, Copper Proteinate, Manganese Sulfate, Manganese Proteinate, Cobalt Carbonate, Calcium Propionate, Calcium Iodate, Ferrous Sulfate, Selenium Yeast, Sodium Selenite, Vitamin A Supplement, Vitamin D3 Supplement, Vitamin E Supplement, Choline Chloride, Riboflavin, d-Calcium Pantothenate, Niacin, Folic Acid, Biotin, Vitamin B12 Supplement, Thiamine Mononitrate, Pyridoxine Hydrochloride, Menadione Sodium Bisulfite Complex (Source of Vitamin K Activity), L-Ascorbyl-2-Polyphosphate (Source of Vitamin C), Oat Mill By-Product.

CAUTION: This feed contains supplemental copper. Do not feed to sheep.

Suggested Feeding Recommendations:

Daily Guide: Adjust the feeding program according to the condition of the horse. Provide horses with good-quality hay, free-choice salt and plenty of fresh water.

HORSE CLASS	AGE (in months)	SUGGESTED FEEDING RANGE* (in lbs.) per 100-lbs. of body weight
Suckling	0 to 4 - 6	
Weanling	4 - 6 to 12	
Yearling	12 to 24	
2-Year Old	24 to 36	
Maintenance	Mature	0.25 - 0.50
Light Work (1 - 3 hrs/day)	Mature	0.50 - 0.75
Moderate Work (3 - 5 hrs/day)	Mature	0.75 - 1.25
Intense Work (5 - 8 hrs/day)	Mature	1.33 - 1.67
Pregnant Mare (last 3 months)	Mature	
Lactating Mare	Mature	
Breeding Stallion	Mature	

*Suggested program is based on offering grass or mixed grass hays. If feeding legume hays or rich pasture, consult your Blue Seal Representative or Customer Service.

For additional mineral-vitamin fortification, or if **Vintage Sweet™** is fed below the recommended feeding range, feed the appropriate **Winning Touch® Equine Supplement**, depending on type of hay being fed.

The suggested feeding program is intended solely as a guide. The variables of management, environment and breed may dictate changes in the animal's requirements.
