

WINNING TOUCH®

EQUINE SUPPLEMENTS

E-Z HOOF®

Product Description

Winning Touch® E-Z Hoof® is a specialized supplement designed to promote and maintain strong healthy hooves, sustain breeding performance, and aid in times of stress. It is formulated with high levels of biotin and chelated trace minerals in combination with higher levels of selenium, and vitamins A, D, and E.

Features and Benefits

High Biotin - Provides biotin (at 20 mg./lb.) for the growth and maintenance of strong, healthy hoof tissues. Supplemental biotin (at 20 mg./lb./day.) has been shown to reduce the incidence of hoof disorders including white line separation, sandcracks, and horn erosion.

Chelated Zinc, Copper and Manganese, Plus Bio-Available Selenium - The greater mineral absorption and utilization helps meet the increased needs for bone, muscle and tissue strength in stressed horses. Zinc is especially important in stimulating new hoof growth and promoting strong, healthy horn tissue. Chelated trace mineral supplementation supports overall reproductive performance and efficiency in breeding mares and stallions.

Selenium and Vitamin E - Together, selenium and vitamin E, act to maintain normal muscle function and provide antioxidant protection to body tissues from oxidation induced damage. Selenium and vitamin E supplementation sustains the immune response, increasing resistance to disease. Overall health, performance, and reproductive efficiency is maintained, especially during times of stress.

High-Vitamin Fortification - Assures that horses receive a proper balance of all vitamins, including A, D and the B-complex, for energy and protein metabolism, efficient nutrient utilization, sustained immunity, and overall good health and reproductive performance.

Convenient Pellet Form - High quality feed ingredients are incorporated into a palatable, highly digestible, pelleted form to ensure a consistent intake of nutrients in every bite.

Suggested Feeding Recommendations:

Feed **Winning Touch® E-Z Hoof®** to horses at the rate of 0.5 - 1.0 lb. per head per day to supply 10 - 20 mg of biotin and 500 - 1,000 IU of vitamin E plus chelated zinc, copper, manganese and selenium.

The suggested feeding program above is intended solely as a guide. The variables of management, environment, and breed may dictate changes in the horses' requirements.

WINNING TOUCH®

EQUINE SUPPLEMENTS

E-Z HOOF®

An Equine Supplement to Enhance Breeding Performance, Aid During Times of Stress and Promote Strong Healthy Hoof Growth

GUARANTEED ANALYSIS

Crude Protein, Min.	18.0 %
Calcium, Min.	0.75 % Max. 1.25 %
Phosphorus, Min.	0.6 %
Salt, Min.	0.75 % Max. 1.25 %
Sodium, Min.	1.0 %
Copper, Min.	500 ppm
Manganese, Min.	1,000 ppm
Selenium, Min.	3.6 ppm
Zinc, Min.	2,000 ppm
Vitamin A, Min.	14,500 IU/lb
Vitamin E, Min.	1,000 IU/lb
Biotin, Min.	20 mg/lb

INGREDIENTS

Wheat Middlings, Soybean Meal, Corn Distillers Dried Grains, Soybean Hulls, Cane Molasses, Ground Corn, Calcium Carbonate, Salt, Zinc Proteinate, Manganese Proteinate, Copper Proteinate, Selenium Yeast, Vitamin E Supplement, Biotin, Zinc Sulfate, Manganese Sulfate, Calcium Iodate, Cobalt Carbonate, Copper Sulfate, Ferrous Sulfate, Sodium Selenite, Manganous Oxide, Vitamin A Supplement, Vitamin D3 Supplement, DL-Methionine, d-Calcium Pantothenate, Niacin, Riboflavin, Folic Acid, Vitamin B12 Supplement, Thiamine Mononitrate, Pyridoxine Hydrochloride.

CAUTION: This feed contains supplemental copper. Do not feed to sheep.
