

WINNING TOUCH®

EQUINE SUPPLEMENTS

ALFALFA HAY MIN-A-VITE™

Product Description

Winning Touch® Alfalfa Hay Min-A-Vite™ is a concentrated mineral and vitamin supplement designed to balance the nutritional deficiencies of legume hay and pasture. It contains all the minerals and vitamins necessary for normal metabolism, growth, production, reproduction, and health. It is an ideal supplement for horses fed a low level of grain ration along with alfalfa or clover hay or pasture.

Features and Benefits

High Phosphorus - As major structural elements of skeletal tissue, calcium and phosphorus are critical for proper bone growth, development and strength. Alfalfa and Clover hay and pastures contain a very high level of calcium relative to phosphorus, which can be especially detrimental to foal growth. **Winning Touch® Alfalfa Hay Min-A-Vite™** will help bring the high calcium and relatively low phosphorus levels of a legume hay or pasture diet into the proper balance and ratio for optimum bone growth and development.

Chelated Zinc, Copper and Manganese, Plus Bio-Available Selenium - The greater mineral absorption and utilization helps meet the increased needs for bone, muscle and tissue strength in growing horses and performance horses. Chelated trace mineral supplementation helps to maintain overall reproductive performance and efficiency in breeding mares and stallions.

Selenium and Vitamin E - Together, selenium and vitamin E, act to maintain normal muscle function and provide antioxidant protection to body tissues from oxidation induced damage. Selenium and vitamin E supplementation sustains the immune response, increasing resistance to disease and maintaining overall health, performance, and reproductive efficiency.

Vitamins A and D - Addition of stable and bioactive vitamin sources, assure that horses receive a proper balance of vitamins A and D to guard against deficiencies and maintain optimal health and metabolism.

B-Complex Vitamins - Added B vitamins aid in the efficient breakdown and transformation of nutrients into usable energy, especially during conditions of stress. B vitamins are involved in the maintenance and strength of bones and joints, as well as the maintenance and production of healthy skin, hair and hoof tissues.

ALFALFA HAY MIN-A-VITE™

A High Phosphorus Mineral and Vitamin Supplement for Horses Fed Legume Hay or Pasture

GUARANTEED ANALYSIS

Calcium, Min.	3.8 %	Max.	4.8 %
Phosphorus, Min.			13.0 %
Potassium, Min.			0.2 %
Magnesium, Min.			0.5 %
Salt, Min.	17.0 %	Max.	20.0 %
Sodium, Max.			9.0 %
Copper, Min.			1,900 ppm
Chelated Copper, Min.			570 ppm
Iodine, Min.			90 ppm
Iron, Min.			2,200 ppm
Manganese, Min.			4,400 ppm
Chelated Manganese, Min.			1,200 ppm
Selenium, Min.			25 ppm
Zinc, Min.			7,200 ppm
Chelated Zinc, Min.			2,300 ppm
Vitamin A, Min.			200,000 IU/lb
Vitamin D, Min.			34,000 IU/lb
Vitamin E, Min.			2,800 IU/lb
Vitamin B ₁₂ , Min.			1.0 mg/lb
Niacin, Min.			350 mg/lb
Riboflavin, Min.			245 mg/lb
d-Pantothenic Acid, Min.			300 mg/lb
Thiamine, Min.			70 mg/lb
Folic Acid, Min.			20 mg/lb
Choline, Min.			2,400 mg/lb
Biotin, Min.			4.4 mg/lb

INGREDIENTS

Monoammonium Phosphate, Monocalcium Phosphate, Salt, Yeast Culture, Cane Molasses, Corn Distillers Dried Grains, Vegetable Oil, Calcium Sulfate, Magnesium Oxide, Zinc Proteinate, Manganese Proteinate, Copper Proteinate, Selenium Yeast, Copper Sulfate, Zinc Sulfate, Manganese Sulfate, Calcium Iodate, Cobalt Carbonate, Sodium Selenite, Vitamin A Supplement, Vitamin D3 Supplement, Vitamin E Supplement, L-Ascorbyl-2-Polyphosphate (source of Vitamin C), Choline Chloride, Vitamin B₁₂ Supplement, d-Calcium Pantothenate, Niacin, Riboflavin, Folic Acid, Biotin, Thiamine Mononitrate, Pyridoxine Hydrochloride, Natural Flavor.

CAUTION: This feed contains supplemental copper. Do not feed to sheep.

MANUFACTURED BY
BLUE SEAL® FEEDS, INC.
P.O. Box 8000, Londonderry, NH 03053

Yeast Culture - *Yeast culture helps to maintain feed intake and promote a functional microbial fermentation in the horse cecum and colon, sustaining nutrient digestibility and a healthy digestive tract.*

Suggested Feeding Recommendations:

note: 4 oz. Measuring cup included in bucket.

The amount of **Winning Touch® Alfalfa Hay Min-A-Vite™** depends on level of Blue Seal® Grain ration fed as follows:

<u>Blue Seal Grain Ration</u>	<u>Alfalfa Hay Min-A-Vite™</u>
0.0 - 2.5 lbs	4 oz.
2.5 - 5.0 lbs	3 oz.
5.0 - 8.0 lbs	2 oz.
8.0 + lbs	0-2 oz.

note: For horses fed mixed grass/legume hay, use **Winning Touch® Mixed Hay Min-A-Vite™**.
For horses fed grass hay, use **Winning Touch® Grass Hay Min-A-Vite™**.

The suggested feeding program above is intended solely as a guide. The variables of management, environment, and breed may dictate changes in the horses' requirements.
