

PACER™

Horse Feed

Product Description

Pacer™ is a high-fat, fully fortified blend of crimped oats, flaked corn, and flaked barley wrapped in molasses and vegetable oil for excellent acceptance and palatability. **Pacer™** is an excellent all-around sweet feed for active horses.

Available in a 50-lb bag.

Features and Benefits

High Calories from Quality Grains and Vegetable Oil - *The blend of oats, corn, barley and vegetable oil provides energy to the horse in different forms and at different rates to meet the diverse requirements for growth, reproduction and performance. As the preferred grain for horses, a high level of steam crimped oats with built in fiber is added for safer grain feeding. A high level of **vegetable oil** also improves skin and hair coat condition, enhancing overall appearance of show horses.*

Loose Texture with No Pellets - *The loose bulky texture increases salivation and aids in digestion.*

Fixed Components - *A consistent formula using only the highest quality ingredients to prevent sudden changes in the diet and to improve digestive health and function.*

Chelated Zinc, Copper and Manganese, Plus Bio-Available Selenium - *The greater mineral absorption and utilization helps meet the increased needs for bone, muscle and tissue strength in active horses. Overall reproductive performance and efficiency is sustained in breeding mares and stallions.*

Vitamins A, D, E, and Stable Vitamin C - *Provides a supplemental source to help guard against deficiencies and maintain optimal health and metabolism. As potent antioxidants, vitamins E and C help maintain cell membrane and tissue integrity, plus support immune system function.*

B-Complex Vitamins (including Biotin) - *Actively involved in the metabolism of carbohydrates, fats and protein into usable energy for performance and endurance. Added B vitamins support healthy growth of skin, hair and hooves.*

PACER™

COARSE TEXTURED HORSE FEED
For Active Horses at All Levels of Performance

GUARANTEED ANALYSIS

Crude Protein, Min.	12.0 %
Lysine, Min.	0.55 %
Crude Fat, Min.	6.0 %
Crude Fiber, Max.	7.0 %

Suggested Feeding Recommendations:

Daily Guide: Adjust the feeding program according to the condition of the horse. Provide horses with good-quality hay, free-choice salt and plenty of fresh water.

HORSE CLASS	AGE (in months)	SUGGESTED FEEDING RANGE* (in lbs.) per 100-lbs. of body weight
Suckling	0 to 4 - 6	
Weanling	4 - 6 to 12	
Yearling	12 to 24	
2-Year Old	24 to 36	
Maintenance	Mature	0.25 - 0.50
Light Work (1 - 3 hrs/day)	Mature	0.50 - 0.75
Moderate Work (3 - 5 hrs/day)	Mature	0.75 - 1.25
Intense Work (5 - 8 hrs/day)	Mature	1.50 - 1.75
Pregnant Mare (last 3 months)	Mature	
Lactating Mare	Mature	
Breeding Stallion	Mature	

*Suggested program is based on offering grass or mixed grass hays. If feeding legume hays or rich pasture, consult your Blue Seal Representative or Customer Service.

For additional mineral-vitamin fortification, or if **Pacer™** is fed below the recommended feeding range, feed the appropriate **Winning Touch® Equine Supplement**, depending on type of hay being fed.

The suggested feeding program is intended solely as a guide. The variables of management, environment and breed may dictate changes in the animal's requirements.
