

STRIDER®

Horse Feed

Product Description

Strider® is a low-protein pelleted grain ration for maintenance and light performance in adult horses fed good quality hay or pasture. **Strider®** offers a convenient nutritional package for the lifelong enjoyment of pleasure horses.

Available in a 50-lb bag.

Features and Benefits

Pelleted Form - *Pelleting improves the digestibility and nutrient utilization of grains in the horses' sensitive digestive tract, while providing balanced nutrition in every bite.*

Low Protein (11%) - *Pleasure horses fed high protein hay, such as alfalfa, have a reduced need for added protein in their grain ration.*

Guaranteed Levels of Calcium and Phosphorus - *Helps ensure proper calcium to phosphorus ratio and guards against deficiencies.*

Chelated Zinc, Copper and Manganese, Plus Bio-Available Selenium - *Optimum levels and ratios are supplied to help ensure a balanced diet for maintenance and performance. The more biologically available organic forms are added to help minimize the detrimental effects of mineral imbalances in water and forages.*

Vitamins A, D and E - *Provides a supplemental source to help guard against deficiencies and maintain optimal health and metabolism.*

B-Complex Vitamins (including Biotin) - *B vitamins are involved in the metabolism of carbohydrates, fats and protein and are important for the growth and health of skin, hair and hooves.*

STRIDER®

PELLETED HORSE FEED

For Maintenance and Light Performance Horses

GUARANTEED ANALYSIS

Suggested Feeding Recommendations:

STORE IN A COOL DRY PLACE

This product may spoil if stored under adverse conditions. Do not feed this product if believed to be unfit for animal consumption.

BLUE SEAL STRIDER is a low protein pelleted grain ration for maintenance and light performance horses.

DAILY GUIDE: It is necessary to adjust the feeding of **STRIDER** to the condition of the horse. Provide horses with good quality hay or pasture and salt free choice. Provide plenty of fresh water.

Horse Class	Age	Suggested Feeding Range* lbs/100 lbs body wt./day
Maintenance	Mature	0.45 - 0.65
Light Exercise	Mature	0.50 - 0.75
Moderate Exercise	Mature	0.60 - 0.85
Heavy Exercise	Mature	0.70 - 0.95

*Suggested program is based on offering grass or mixed grass hays. If feeding legume hays or rich pasture, consult your Blue Seal Sales Representative or Customer Service.

COMMENTS: For additional mineral-vitamin fortification, or if **STRIDER** is fed below the recommended feeding range, feed the appropriate **Winning Touch Equine Supplement**, depending on type of hay being fed.

The suggested program above is intended solely as a guide. The variables of management, environment, and breed may dictate changes in the animal's requirements.
